SPECIAL FEATURES

THE FAST OPENING GATE WITH EMERGENCY OPENING

The Transspeed can be used for additional hall closure or as an interior door. The Transspeed is a high-quality solution for any building opening that is passed through very frequently by forklifts or floor vehicles.

Different curtain designs can be used to meet a wide range of requirements.

The tension spring system for weight compensation rounds off the system and offers fast emergency opening.

Anti-Crash-System

Counterbalance

Light grid

Bale and drive cover
